Event -5 DONATE WARMTH (Event Report)

"Greatness is not what you have, it's what you give.

Prayas club aims and works for the welfare for others, so that we can make everyone happy. We work to spread happiness and positivity around us. So, DONATE WARMTH an initiative taken by the members of PRAYAS CLUB from PSIT was successfully organized on **24th December 2022** and we are glad to share that we donated 50 packets containing blankets, clothes and biscuits to our workers with our Honorable Director sir, Additional director sir, HOD sir and our own faculty members.

The event was well organized as we had given the token of happiness to our workers and received blessings. We are also hoping for more events like these in upcoming days.

Event-6

“The Plate, Place and Purpose of Nutrition”

The successful seminar on “nutrition and its value” was organized on **11th feb, 2023**. The event aimed for “the plate, place and purpose of nutrition” and the students were privileged to hear **Dt. Poonam Jaglani** maam. We were obliged to know the things related with nutrition and its importance.

She provided information about the importance of nutrition, carbohydrates, proteins etc. in a human body. She also told us about the Necessity of 3 litres of water intake in a day to keep our body hydrated. Proper consumption of nutrition in our body helps us to remain fit and active throughout the day and keeps our body energized. She also told us about the negative effects of eating junk food. Consuming junk food causes health issues like obesity, diabetes as it contains fatty acids and sugary substances. Eating clean food keeps our physical as well as mental health good. Even We should involve fruits and vegetables in our diet as they are roughage and increases metabolism in our body. Taking proper nutrition helps our body to function properly and we stay free from diseases.

All this information provided to us by her will really help us in taking good care of our health and to take proper nutrition and drink adequate amount of water

Approx 150 students were obliged to attend this highly informative seminar that was successfully conducted by The Prayas Club of PSIT.

FREE EYE CHECKUP CAMP

On April 29th, 2023, **Eye Lasik House** and **Sarva Samanvay Foundation**, in collaboration with **Prayas Club**, organised a free eye check-up camp at Pranveer Singh Institute of Technology, Kanpur. The event was dedicated to the helping staff (including drivers, conductors, mali, peons, and sweepers) and their family, of the institute. Dhruv Tripathi, Satvik Kumar, and Shivam Saksham, played an instrumental role in organising the camp.

Dr. Kamal Trivedi and his team played a crucial role in organising the basic necessities to start the Eye Check-up camp, which commenced at 11:00 am with the registration of workers. The team of doctors from Eye Lasik House was present at the camp to conduct the checkup of the workers. The eye examination started with the Visual acuity test, where the doctors checked the workers' vision to see how well they could see.

TRASHBUSTER DAY

On May 27, 2023, Prayas Club organized a Waste Collection Movement as part of the Mission Life Movement initiated by our Honorable Prime Minister, Shri Narendra Modi. This event took place in the scenic Sanjay Van of Kanpur and was led by the dedicated team members of the Prayas Club.

The team members of Prayas Club followed proper hygiene protocols by wearing masks and gloves. The event commenced at 7:00 am with the task of collecting the garbage that had been littered in the park. The collected waste was then diligently segregated into recyclables and non-recyclables. Additionally, posters were created to spread the message among the general public, encouraging them to keep their localities and the park clean, as it is a place they visit regularly. The event concluded around 8:00 am, during which time we successfully collected 7 bags of garbage and effectively cleaned a large area of Sanjay Van.

Finally, the Club volunteers delivered a compelling speech to raise awareness among park visitors regarding the crucial importance of cleanliness in maintaining a healthy and enjoyable environment. Through their words, they sought to encourage community involvement and instill a sense of responsibility towards the park. The volunteers emphasized the promotion of sustainable practices, including effective waste management, recycling initiatives, and reducing litter. By exemplifying these principles, they aimed to establish a positive example for not only other parks but also communities at large to emulate.

Event -10 Tree Plantation Drive

(Under the theme of "Mass Plantation Movement")

Date: 22nd July,2023

Event: Tree Plantation (under the theme of "mass plantation movement")

Organizer: Prayas Club, PSIT Kanpur

Venue: PSIT Campus

The Prayas Club organized a **Grand Tree Plantation** event under the theme of "**Mass Plantation Movement**" guided by A.K.T.U. Lucknow on 22nd July,2023. The event aimed to promote environmental awareness, address climate change concerns, and contribute to the greening of the PSIT (Pranveer Singh Institute of Technology) Campus.

With the participation of enthusiastic volunteers, a total of 500 trees were planted during this significant

initiative. The event commenced at 12:30 pm with an opening speech by the volunteers of Prayas Club, highlighting the significance of tree plantation and its role in preserving the environment for future generations. The participants, including college management, faculty members, and students, were provided with the necessary equipment such as saplings, shovels, and watering cans.

The volunteers were divided into groups, each assigned a designated area within the campus for planting the trees. Trained experts and environmentalists guided the participants on the correct techniques for planting and nurturing the saplings. The tree plantation process was carried out meticulously, ensuring Proper spacing and care for each tree.

The event was graced by the presence of the Director of PSIT, Kanpur. He shared valuable insights into the significance of tree plantation, its role in combating climate change, and the responsibilities of the

youth in preserving the environment for future generations. The address inspired the attendees to take an active role in environmental conservation and make tree planting a regular practice.

The tree plantation was a resounding success, showcasing the collective effort and commitment towards a greener and healthier campus environment. With more than 200 new trees added to the PSIT campus, the Mass Plantation Movement has taken a significant step towards mitigating climate change, conserving biodiversity, and beautifying the surroundings.

Event- 11 'Know your Friends'

- an effort by the Prayas Club

Objective: To research and document about the plant life which surrounds us on a daily basis and goes unnoticed. This objective includes gathering information about how many species exist, how they were planted, their benefits to nature, their necessary conditions to grow healthy and to spread knowledge.

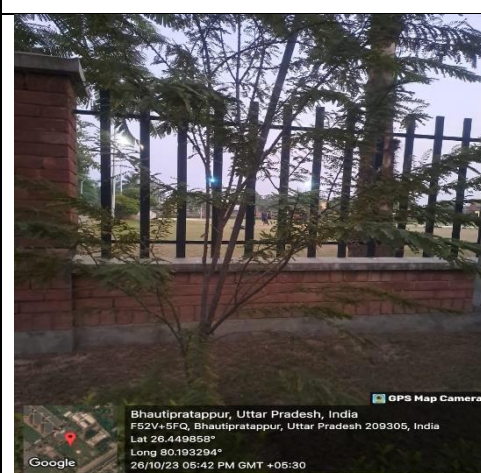

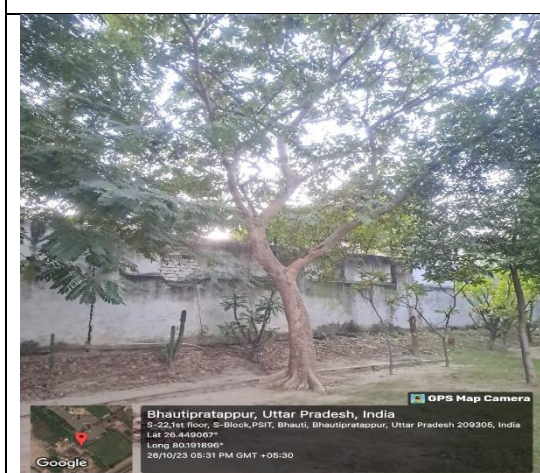

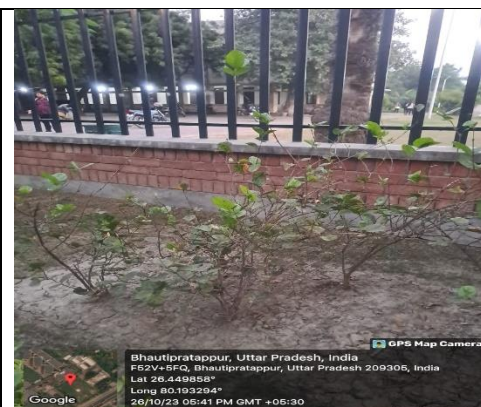

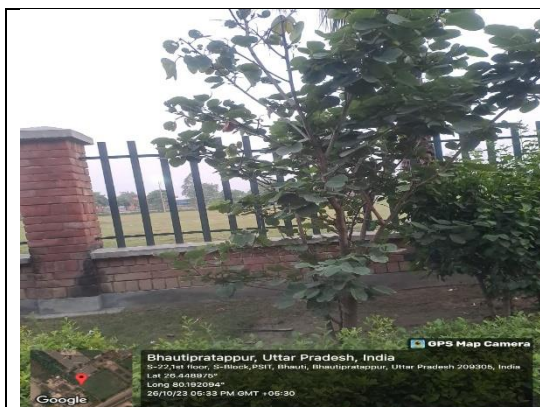

Description: The information about plants will be acquired by everyone who comes across these prolific species. The event was conducted from 6th October 2023 to 21st October 2023. Firstly, our mentors Mr. Utkarsh Pandey, Mr. Abhishek Dixit and Mrs. Nidhi Shukla gives us insights over what work is to be done and what areas to be covered. Each day proceedings were as follows:

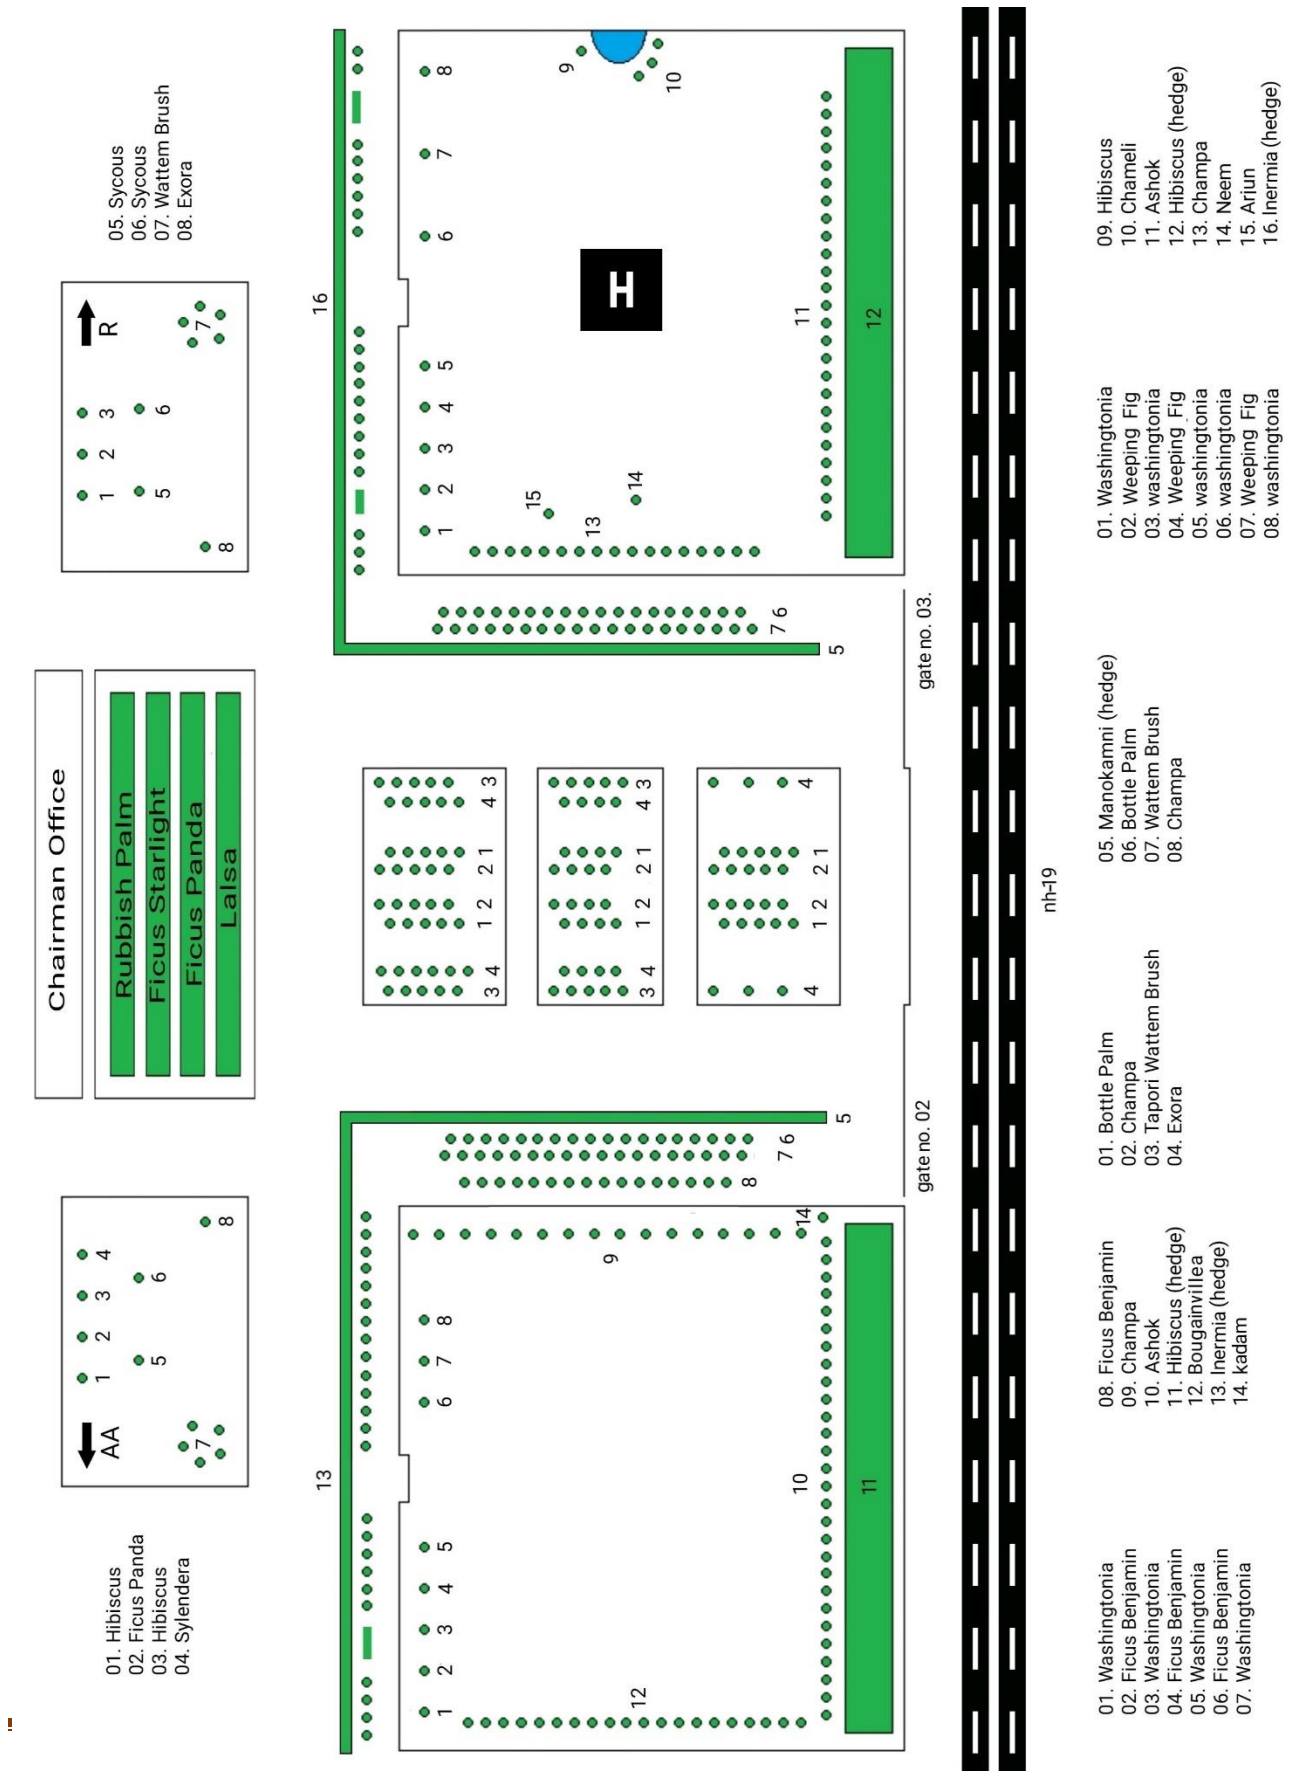

- Day 1: On 6th of October 2023 after the daily classes, from 5p.m we were gathered in the ground in front of R block, where then we were divided into two groups. The horticulture department head and Mr. Arun from the same department helped us carry out the documentation process with the naming, we counted the number of trees and attempted at making a map. Group 1 covered the area in front of the AA block while Group 2 covered the ground in front of R block and behind the white building.

-
- Day 2: On 7th of October 2023, Mr. Arun again met the students who reside in the hostel and worked as volunteers from 4:00pm to 5:15 p.m. where we covered the trees on the entrance of the college campus, and on the pavements.
 - Day 3: On 8th of October 2023, the work on documenting started from 9:00 a.m. to 12:30 p.m. We covered the garden area near the bank and white building. We also covered the entire area on the sides of the blocks of the college. We also covered all the areas around the admin block.
 - Day 4: On 9th and 10th of October 2023, the species were divided among the members and then we gathered the information and made word files for further procedure.
 - Day 5: On October 11th 2023 the details were integrated and the eco map draft was made along with a demo QR code. It comes under a great deal of hard work and experience to find out the efforts put in to make our college campus look so luscious and the seeds of which were planted in the year 2003.
